

# THE FUTURE FOUNDATION SCHOOL

Guided by an educational philosophy that intends to stimulate an atmosphere facilitating the development of essential skills, values and potential among students, The Future Foundation School presents a varied learning environment at different levels of learning. At the initial stages, the teaching-learning process is supported through study materials. As the journey progresses, text books get added. The whole process seamlessly connects to the board-level curriculum.

Study materials will be distributed during the course of the academic year. Text Books, Exercise Books, Stationery Items and Brown Paper Cover with School Logo will be available as per the given schedule. Parents will be required to make the total payment as per the list. However, should a particular book not be available at the time of book distribution the same will be supplied later. Parents should check the contents of the bag before departing to enable replacement of any damaged or missing item. Later it will not be entertained. Brown paper is required only for books. Exercise books are not to be covered.

BOOKS TO BE COLLECTED FROM SWAYAMBHAR OFFICE, 94 P. MAJUMDER ROAD, KOLKATA -700107 AS PER SCHEDULE MENTIONED BELOW.
